419-566-4651

Pooler, GA

Summary

I have relevant compositing skills in both Nuke and After Effects handling multiple projects from old westerns to blazing space battles. Through skills, I have acquired over a 4-month period. Integrating 2D and 3D elements of a shot while balancing the creative and technical side of each component. Paint fixes, rotoscoping, chroma-keying, color and grading continuity, graining and degrading shots, working with blue and green screen effects, creating mattes, enhancing lighting effects, and creating convincing shadows within a shot I've also been learning python to increase the speed of my stylized workflow.

Experience

Compositor

McCannVFX · Pooler, GA

09/2022 - Present

Post-production for The Warrant: Breaker's Law

Post-production for Ultra Red

Welding Fabricator

JCB · Pooler, GA

07/2022 - 11/2022

Learned how to operate and troubleshoot complex welding machines as well as use hand welding to manufacture intricate structures for multiple types of large construction vehicles. Repaired hundreds of vehicles maintaining quality control. As well as inspecting vehicles on the line and catching minute details for repair.

Rental Representative

Lowe's · Lake Saint Louis, MO

10/2021 - 04/2022

Interfaced with customers being friendly and professional, and helping with home improvement projects. Validating loading tickets and processing orders and deliveries accurately.

Welding Fabricator

Jay Industries · Mansfield, Ohio

06/2020 - 06/2021

Fabricated large grilles for John Deere tractors, maintaining the knowledge on building thirty distinctive designs at a time and meeting deadlines, and worked well with a team of five other skilled fabrication welders to not only meet our deadlines but worked together to get ahead of deadlines.

Skills

· Strong graphic and visual sense, · Exceptional attention to detail, · Experienced in Nuke, After Effects, Photoshop, and Mocha, · Leadership, · Artistic and mathematical mindset, · Quick learner, · Handles criticism constructively., · Coding experience

Education

Welding

Pioneer Career and Technology Center · Mansfield, Ohio
